Home Inspection Services

Serving Southwest Missouri

Inspections Done Right, **GUARANTEED!**

The purchase of a home is probably the largest single investment you will ever make. You should learn as much as you can about the condition of the property and the need for any major repairs before you buy so that you can minimize unpleasant surprises and difficulties afterwards. Of course, a home inspection also points out the positive aspects of a home, as well as the maintenance that will be necessary to keep it in good shape. After the inspection, you will have a much clearer understanding of the property you are about to purchase.

A home inspection is defined as an objective visual examination of the physical structure and systems of a home, from the roof to the foundation. In layman's terms, having a home inspected is akin to giving it a physical check-up.

Our home inspection saved us a lot of money! Our inspector found some very expensive problems with our first selection. Thanks to our home inspector, we were able to foresee some very big problems and avoid them. We were able to find a more suitable home and are now confidently moving in after a very thorough and successful inspection.

Michael and Nancy O., Springfield, MO
